Founded in 1981, the Scottish American Athletic Association (SAAA) is an independent educational, non-secular 501 (c) (3) corporation founded to promote the perpetuation of Gaelic-Scottish Culture, Traditions and Customs. To that end, the SAAA fosters national and international sports competition and to support and develop athletes for national and international competition in traditional athletic contests. Additionally, the SAAA provides assistance; free of charge, to the school or student, to area schools in the form of guest speakers and tutors in the areas of general world history, US history and athletics. Particular attention is given to "under-performing schools" and "at-risk students".
